Meeting called to order at 7:03 pm by Jim Gager.

### **Discussion with visiting public**

Don Meeker presented board members with copies of his April 13, 2016 letter proposing a food processing facility in Sherburne. His visit tonight reminds the board that he still is seeking an appropriate site for such a venture. He suggested that Sherburne should seek funding to clear sites impacted by prior toxic waste and/or create a food services oriented business park to attract developers.

Rowena Krum and board members responded that such activity is beyond the scope of the Sherburne Planning Board; board's role is application oriented.

### **New Business:**

>>No new issues were raised at the August 2018 meeting.

Meeting was adjourned at 8:10 pm. Motion by Nancy Simerl; second by Jim Gager; carried.
